

Reservation of a VT1 velomobile

Terms and conditions

1. The reservation

Velomtek thanks you for your interest in reserving a **VT1** velomobile. By making your reservation, you ensure yourself a place in the upcoming production schedule. For a variety of reasons, the first ten (10) units may be delivered to Canadian customers only. Then, reservations from customers in the United States will be considered. Customers outside of North America will be able to reserve their product eventually.

2. Reservation payment

For Canadian customers, your reservation becomes valid when you fill out the form correctly and we receive the reservation payment of **500 \$CAD**. You may terminate the reservation any time prior to the signature of the manufacturing contract, by sending an email to sales@velomtek.com, and the reservation payment will be refunded to you.

For US customers, the reservation payment is not immediately required; we will advise you at a later date.

3. Order procedure

Two to three weeks prior to the production of your vehicle, we will send you a manufacturing contract giving all product details. This document will be used to confirm your **VT1** velomobile configuration. Once signed, you will receive a first invoice prior to start of the manufacturing process.

4. Recognition and non-transferability

You acknowledge that we will not hold your reservation payment separately or in a legal deposit or trust fund and that we will not pay any interest on your reservation payment.

Your reservation payment cannot be transferred or assigned to another party without the prior written consent of Velomtek Inc.

5. Your information

We will preserve your personal information in accordance with our Privacy Policy, which is available at <https://velomtek.com/terms-and-conditions/>

6. Product specifications

It is likely that the product will undergo some minor modifications and improvements by the time the first production units are manufactured. Please visit the site to know the details.

Thank you for your confidence in Velomtek Inc.
